

DESTROYER™

Go Ahead
- get into it!

Get into the game with motion-sensing technology

DESTROYER
TILT

Get into motion-sensing G-force Tilt™ technology with the new Gravis Destroyer™ Tilt Game Pad! Whatever move you make, the game moves with you. Even the casual game player can enjoy this exciting technology which takes every lean forward, back, left, or right, and translates those movements into precise, exhilarating action. Nothing could be more natural, or more action-packed!

Plug and play with power

Go ahead! Play right out of the box with all your favorite games.

- Plug-and-play USB support
- No software required
- Great for players wanting easy motion-sensing control
- Works on PC and Mac

48051 Destroyer Tilt

Power and precision

The innovative Destroyer Tilt picks up on every move and makes it a breeze to play comfortably for hours.

- Six easy-to-reach, programmable buttons respond quickly to commands
- Tilt sensor on: D-pad works like an 8-way hat switch
- Tilt sensor off: D-pad is a precise digital controller
- LED indicates Tilt activation

For all game players—ideal for casual and younger players. Innovative design; great value.

- 1 Easy-to-reach 8-way digital D-pad
- 2 LED indicates Tilt activation
- 3 Fast-action, digital buttons
- 4 Plug-and-play USB support

The extra edge
you need to win !

DESTROYER XTREME™

Now you can't miss! The pinpoint accuracy of Precision Mode gives every player the control to zero in and score big points. Comfortable design features three buttons, trigger, and throttle for hours of fun with any game. Plug-and-play USB support eliminates installation hassles.

More power, more control

With three buttons, trigger, and throttle, the Destroyer Xtreme Joystick makes every game more fun.

- One-button Precision Mode means tighter aims and slicker moves
- Four quick-response buttons and throttle help you win every time
- Sleek, durable design prevents fatigue, looks great
- Plug and play USB support speeds installation on PCs or Macs
- No software required—get to the game sooner

10512 Destroyer Xtreme Joystick
